

Nadia

CAGED Shattered Skies

Boy, if you're looking at me as though I'm destiny
Turn a blind eye boy, turn away from me
If you're looking for love, find another sea
If I will you away, will you let me be?

I'm not your mother brother
I'm not your little sister
I don't want to be your lover
Cause I'm a caged little bird
Just set me free

I know it sounds like an excuse to you
Don't want to start something I can't get through
Understand this is something hard to do...
I know! I know deep in my heart I'm being true.

I'm not your mother brother
I'm not your little sister
I don't want to be your lover
Cause I'm a caged little bird
Just set me free

Boy if you're listening to me here's your epiphany
Dream another dream, forget about me (Yeah)
Ride the gusting wind like a fallen leaf, ride boy
Now I've willed you away please let me be!

I'm not your mother brother
I'm not your little sister
I don't want to be your lover
Cause I'm a caged little bird
Just set me free

I know it sounds like an excuse to you
Don't want to start something I can't get through
Understand this is something hard to do...
I know! I know deep in my heart I'm being true.

I'm not your mother brother
I'm not your little sister
I don't want to be your lover
Cause I'm a caged little bird
Just set me free
