

DREAM CRUSHER
Shattered Skies

You're such a dream crusher, dream crusher
You're such a dream crusher, crusher
You're such a dream crusher, dream crusher
Dream crusher, that's what you are

You're like a crab in a bucket
Be happy for me, don't make me a target
I put my dreams in a basket
Be happy for me, instead you rob it
The world is everybody's oyster
Instead of praise, you want to see me falter
See me falter, see me falter, see me falter
Dream crusher, dream crusher, dream crusher

You're such a dream crusher, dream crusher
You're such a dream crusher, crusher
You're such a dream crusher, dream crusher
Dream crusher, that's what you are

Your eyes are filled with envy
Be happy for me, one day you'll regret it
Fulfill your destiny
Be happy for me, don't you forget it
The world is everybody's oyster
Instead of praise, you want to see me falter
See me falter, see me falter, see me falter
Dream crusher, dream crusher, dream crusher

You're such a dream crusher, dream crusher
You're such a dream crusher, crusher
You're such a dream crusher, dream crusher
Dream crusher, that's what you are

Don't kill my dreams, my aspirations
Be there for me, don't be my problem
The world is everybody's oyster
Instead of praise, you want to see me falter
See me falter, see me falter, see me falter
Dream crusher, dream crusher, dream crusher

You're such a dream crusher, dream crusher
You're such a dream crusher, crusher
You're such a dream crusher, dream crusher
Dream crusher, that's what you are
