

**I NEVER KNEW**  
Shattered Skies

I never felt like this before...

Happiness a feeling, one I never knew  
Emptiness a feeling, that's filled by you  
Loneliness a feeling, now we're through

I never knew love, I never felt like this before

I never knew love, til I laid my eyes on you  
I never knew love, til you showed me how to feel love  
I never knew love, could bring me out my shell, (No)  
I never knew love, til I rose up from my hell (Yeah)

I never felt like this before...

Tenderness a feeling, one I never knew  
Ugliness a feeling, that's changed by you  
Craziness a feeling, shown by the things you do

I never knew love, I never felt like this before

I never knew love, til I laid my eyes on you  
I never knew love, til you showed me how to feel love  
I never knew love, could bring me out my shell, (No)  
I never knew love, til I rose up from my hell (Yeah)

I never knew love, til it brought you to me (No)  
I never felt love, til you showed me how to feel love  
Your love brought me to my knees  
And it set me free

Never knew love...  
Never knew love...  
Never knew love...  
Til I met you. (Yeah, yeah)  
Your love set me free

Never knew love...  
Never knew love...  
Never knew love...  
Til I met you. (Yeah, yeah)  
Your love set me free  
Your love set me free  
Your love set me free
