ONE FOR ME Shattered Skies

You're the one for me...

I'm waiting for you to take me on this path
Onto a journey to the other side
I close my eyes, shhh...
I fantasize, yes...of an oasis on the other side

Oh, how I've longed to escape, my knight who rides with the shade
Oh, how I've longed for this moment, you're the one, the one, the one for me

You're the one, one, the one for me
You're the one, one, the one for me

Now that you've found me, let's build an army
For the war that waits on the other side
Look in my eyes, see...
We're victimized here...off to the battle on the other side

Let's lift our swords before the roar
Let's shed our souls and fight this war
Take down the guards, tear down these walls
Just grab my hands, let's take a stand

Oh, how I've longed to escape, my knight who rides with the shade
Oh, how I've longed for this moment, you're the one, the one, the one for me

You're the one, the one, the one for me

Guitar Solo

You're the one for me

We've slain the beast, now let us feast
The war's now over on the other side
Now let us ride, side by side, yes...
To the oasis on the other side

Oh, how I've longed to escape
My knight who rides with the shade
Oh, how I've longed for this moment
You're the one, the one, the one for me

You're the one, the one for me

Oh, how I've longed to escape, my knight who rides with the shade
Oh, how I've longed for this moment...you're the one, the one, the one for me
