## **RISE UP** Shattered Skies

Rise up, rise up, rise up, rise up...let the music move you  
Rise up, rise up, rise up, rise up...let the music take control  
I'm singing rise, I'm singing rise like a butterfly touches the sky  
Fly, I'm singing fly, like a butterfly's wings touch the sky.

Rise up, rise up, rise up, rise up...let the rhythm groove you  
Rise up, rise up, rise up, rise up...let the rhythm move your soul  
I'm singing rise, rise, rise, rise, like breathless birds soar through the sky  
Fly, I'm singing fly, like breathless birds tour the sky.

Rise up, rise up, rise up, rise up...let the music move you  
Rise up, rise up, rise up, rise up...let the music take control  
Rise, rise, rise, fly, fly, fly...

Guitar solo

Rise up, rise up, rise up, rise up...let your senses sway you  
Rise up, rise up, rise up rise up...let your feelings flood your soul  
Rise up, rise up, rise up, rise up...let the music move you  
Rise up, rise up, rise up, rise up...let the music take control

Fly, fly, fly, fly...like a butterfly touches the sky

Rise up, rise up, rise up, rise up...let the rhythm groove you  
Rise up, rise up, rise up, rise up...let the rhythm groove your soul
