

**SLOW SUICIDE**  
**Shattered Skies**

You're on a suicidal mission  
Only you know what you envision  
You can run, you can cry, you can't hide  
It's a fact of life we all have to die  
You don't care who you leave behind  
Be on your way we'll learn survive

Slow suicide, suicide mission, suicide  
Slow suicide, suicide mission, suicide  
Today's the day that you may die  
So that tomorrow we may cry  
Slow suicide, suicide mission, suicide  
Slow suicide, suicide mission, suicide

You're on a suicidal mission  
How'd things get so bad to blur your vision  
You can run, you can cry, you can't hide  
It's a fact of life we all have to die  
You don't care who you leave behind  
Be on your way we'll learn survive

Hold on, don't you let go  
Hold on, I want to know  
Hold on, please don't let go  
Hold on, hold on, hold on, hold on

You're on a suicidal mission  
What choice you have is your decision  
Keep your dark secrets hidden inside  
Get on that train for your last ride  
You don't care who you leave behind  
No face to say one last goodbye

Slow suicide, suicide mission, suicide  
Slow suicide, suicide mission, suicide

Today might be the day you die  
Tomorrow, may be the next day

Hold on, don't you let go  
Hold on, I want to know  
Hold on, please don't let go  
Hold on, hold on, hold on, hold on
