

TEARS OF MINE
Shattered Skies

Day and night, you are always on my mind
You're lying here beside me passing time.
Doesn't matter where, when, how or why
Stalking me...I'll find you rain or shine

Tears of mine... why, oh why? Won't you go away? (away)
Tears of mine...away...
Tears of mine (mine)... why, oh why? Won't you go away? (away)
Tears of mine...away...
Tears of mine (mine)...leave me behind.

(Musical Interlude)

Every waking hour you're not far behind
You're in my heart, my eyes and on my mind
Doesn't matter friend, foe, do or die
I'll do all I can to win back my life

Tears of mine... why, oh why? Won't you go away? (away)
Tears of mine...away...
Tears of mine...away...
Tears of mine (mine)...leave me behind.

Tears of mine go away
Tears of mine go away
Tears of mine go away
And leave me here to stay
Tears of mine go away (Yeah)
And leave me behind.
